

Mission Statement.

At Glentworth House we strive to continuously improve every aspect of the services that we provide to our elderly client group to offer good quality of life and health. We achieve this by listening to the views of the residents and their families, and then providing a consistent and competent service accordingly. We are committed to providing services that our residents want whilst taking into account risks and hazards to ensure the environment is safe and comfortable.

Aims & Objectives.

- To provide the correct level of nursing care for each individual in a professional manner within a warm and friendly environment
- To maintain the dignity and individuality of those within our care to help promote their quality of life
- To have cultural, religious and sexual needs respected
- To provide a nutritious, healthy and varied diet within the clients personal requirements
- To provide medical treatment as prescribed by each individuals General Practitioner
- To provide support facilities by an appropriately qualified professional as and when required
- To involve all individuals in decisions affecting their personal care and provide day to day care appropriate to their individual needs
- To provide regular social, occupational and leisure activities for those individuals wishing to participate
- To provide both opportunity and encouragement in the pursuance of life outside Glentworth House
- To provide when necessary support for friends and relatives
- To provide ongoing training for all staff, and encourage personnel development of all staff
- To collect information from our residents in order to effectively plan for the future
